Combined Operation - Ultimate Teamwork – High Visibility ops Friday night

3 x LE vehicles (volunteer), 6 x SAPS vehicles – mainly reservists, 29 Security vehicles and over 250 volunteer resident NW patrollers – from BKM, CHCW, CW, KNCW, LCW, MNW, NCCW, PHEW, PNW, SFNW, TNCW, WYNW.

Over 250 neighbourhood watch patrollers, Security Service Providers, Law Enforcement and SAPS members joined forces for a valley wide High Density / High Visibility Operation.

A shock and Awe mindset were adopted to show criminal elements that there's no place for crime with us.

We thank all the participants, CVIC and their controllers, and BKM for their part in this successful operation.

Being the eyes and ears of our Neighbourhood

Motorbike Accident – De Waal Road

PNW and Compass Towing responded to reports of a motorbike accident that had occurred on De Waal Road, just before Main Road. Initial reports indicated that the rider of the motorbike sustained moderate injuries.

PNW medical personal provided initial care to the patient until Fire and Rescue as well as ER24 arrived to transport the patient to hospital for more definitive care and treatment. The patient expressed her thanks and appreciation to the first responders for their care.

The accident occurred during peak hour traffic. PNW first responders conducted scene safety and assisted with the safe direction of traffic. We thank all role players involved.

Response Team Activation – Serious Motorbike Accident:

PNW's newly formed response team was activated for reports of a serious motorbike accident that had occurred on Gabriel Road. PNW first responders arrived on scene to an unconscious patient surrounded by bystanders attempting to provide First Aid.

PNW medical personal took over the care until Fire and Rescue and METRO EMS arrived to transport the patient to hospital for further care. PNW first responders provided scene safety and traffic control until the scene was cleared and traffic was free – flowing,

We urge members of the public to drive carefully and remain vigilant of bikers. We also urge members of the public to not move victims of accidents unless an extreme danger exists.

Basic Fire Fighting Training:

Neighbourhood Watch First Responders often arrive on scenes first, thus in an attempt to better equip our patrollers with skills to serve the community, a basic fire fighting course was held by the Department of Community Safety. PNW and MCW attended the full day training session.

Participants were given a theory lesson on fires and fire fighting and got to put theory into practice!

Protest Action – Prince George Drive:

PNW patrollers assisted policing agencies during the protests that occurred on Prince George Drive.

Patrollers assisted with visibility and keeping a watchful eye on the area while police resources were committed to dealing with the protest.

PNW patrollers assisted SAPS, Traffic Services and METRO police with road closures and ensured our members were looked after and received a warm cup of coffee in the rainy weather!

Mountain Operations – Vlakkenberg Trail:

In response to the crime incidents occurring up on the mountain trails. SAPS invited neighbourhood watches and security providers to join them on an operation focused on showing visibility up in the mountains.

The operation was a great time building event and was great exercise too!

The hike is held every 2nd Saturday. Details will be emailed to members who are all invited to join!

A HUGE THANKS TO ALL OUR GENEROUS SPONSORS

The generous support of companies like yours makes it possible for our organisation to exist and continue serving the community.

Securing sponsors for this important aspect is especially important, as we face the daunting challenges of our society. Your support is a great vote of confidence in our mission. As a sponsor, you will receive thanks and recognition.
